CREATIVE

PORTFOLIO

2023

J&C Joel is a leading global provider of innovative fabrics & flooring, drapery and stage engineering solutions for the entertainment, event and architectural sectors. Our products and services are designed to meet the unique needs and specifications of creatives worldwide, and we are committed to providing exceptional quality, sustainability, and customer satisfaction.

Who We Are

Our Offices

J&C Joel's international offices in UK, Dubai & Vietnam are strategically located to provide high-quality products and services to clients worldwide. UK & Dubai offices serve as both manufacturing and sales facilities, with installation teams that offer services such as stage rigging. These locations enable J&C Joel to efficiently and effectively serve clients in the theatre, events, and production industries worldwide. The company's state-of-the-art manufacturing plants, advanced machinery, and skilled personnel ensure that their products meet the highest standards of quality.

Our Services

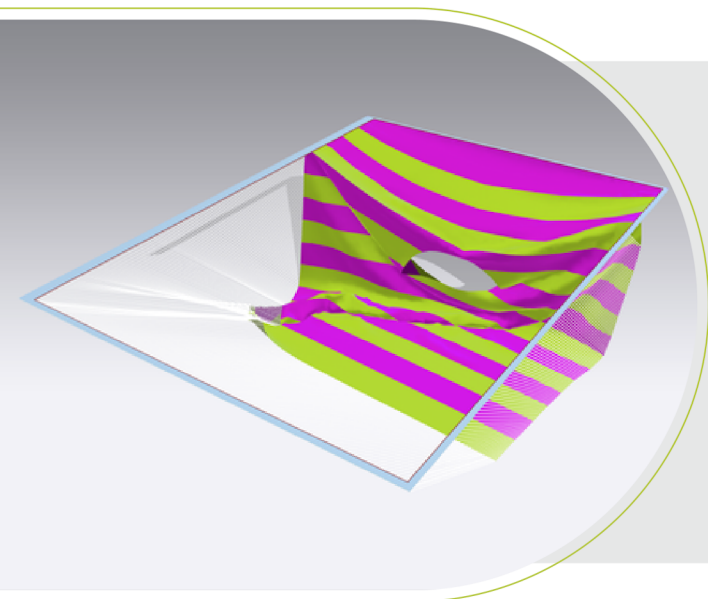

Client Consultation

J&C Joel's client consultation service delivers bespoke solutions to meet clients' unique needs, goals, and budget. From custom drapes to project management, our team of experts provides exceptional customer service at every stage of the project to exceed expectations.

Design

J&C Joel's design service provides innovative and bespoke solutions for stage design challenges. Our team collaborates with clients from concept to installation, offering custom drapery, machinery, projection screens, and project management. With a passion for creativity and exceptional customer service, J&C Joel's design service is driven by quality and expertise, utilizing cutting-edge technology and highly skilled professionals.

Manufacturing

J&C Joel's manufacturing service offers high-quality and flame retardant fabrics and flooring products from advanced facilities in the UK, Dubai, and Vietnam. We meet international safety standards, and provide clients with a complete solution, from quality inspection to cutting and sewing. J&C Joel's manufacturing service is known for extensive knowledge of fabrics, quality and the ability to meet client deadlines.

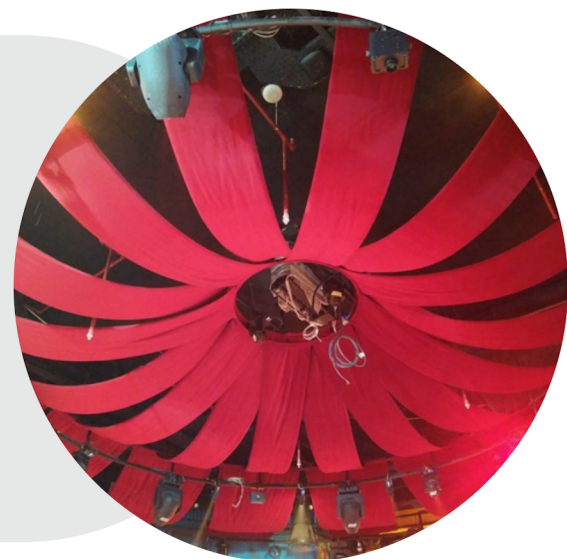

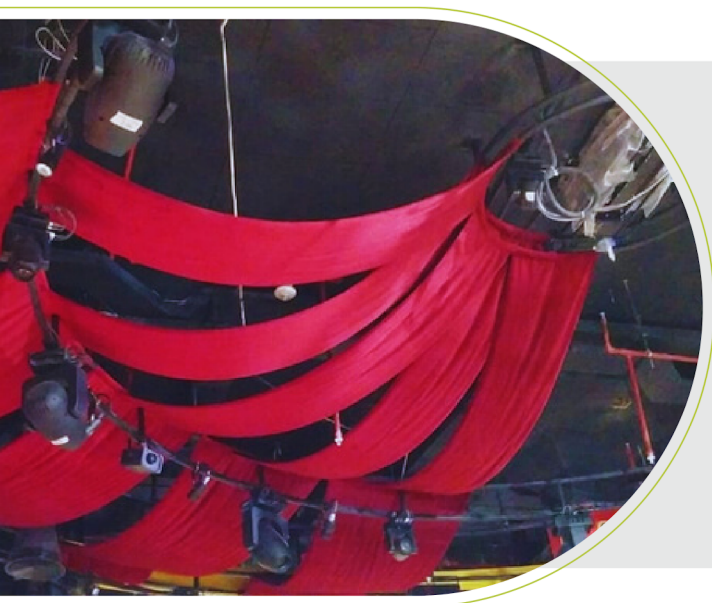

Logistics

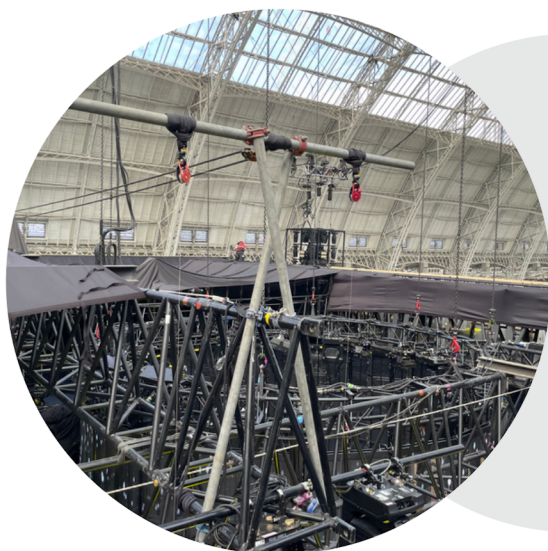

J&C Joel's logistics service provides reliable delivery of clients' stage elements. We coordinate transportation, including documentation freight forwarding, customs clearance, with a global partner network. Our team is committed to exceptional customer service, ensuring clients' needs are met at every stage. Known for our reliability and efficiency, J&C Joel's logistics service completes projects successfully and to the highest standards.

Our Services

Project Management

J&C Joel's project management service is a crucial aspect of our comprehensive offering, providing clients with a seamless and stress-free experience from concept to completion. Our team of experienced project managers works closely with clients to oversee all aspects of the project, from initial planning to final installation. J&C Joel's project management service includes budget management, risk assessment, logistics coordination, and quality control, ensuring that every project is completed to the highest standards. With a focus on communication and collaboration, our project managers keep clients informed at every stage of the project, ensuring that the final product meets all of their needs and requirements. J&C Joel's project management service is known for its attention to detail, efficiency, providing clients with peace of mind and a successful outcome every time.

Installation

J&C Joel specializes in designing, manufacturing, and installing high-quality stage and event drapery, fabrics and stage engineering solutions. Our installation service is highly regarded for its attention to detail, quality workmanship, and commitment to meeting clients' exact specifications.

J&C Joel's turnkey installation solutions include everything from initial site surveys to final installation and testing. This means that clients can rely on J&C Joel's team of experienced installers to take care of every aspect of the installation process, minimizing disruption and ensuring that projects are completed on time and within budget.

In addition to our expertise in stage and event drapery, J&C Joel also offers installation services for a wide range of other applications, including exhibition displays, event backdrops, and acoustic solutions. Our use of high-quality materials and components ensures that every installation is not only visually stunning but also durable and long-lasting.

Our Solutions

Bespoke Drapery

J&C Joel specializes in creating unique and personalized drapery solutions for our clients. We work closely with our customers to understand their requirements and design bespoke drapes that perfectly fit their needs.

Laser & Rotary Cutting

J&C Joel offers high-precision cutting services using advanced laser and rotary cutting technologies. These techniques allow us to cut fabrics and other materials with incredible accuracy, resulting in clean and precise edges.

Digital Print

J&C Joel uses state-of-the-art digital printing technology to create custom designs on a wide range of fabrics and materials. We can produce vibrant and high-quality prints that are perfect for a variety of applications.

J&C Joel has a team of experienced designers who create custom fabric solutions for high-profile events like the Olympics and Eurovision.

Show Automation

J&C Joel offers advanced show automation solutions that help bring performances to life. Our team of experts can design and install complex systems that control moving drapery and other effects, making for a truly immersive experience.

Projection

J&C Joel provides projection solutions that can transform any stage or venue into a stunning visual experience. We offer a variety of screens and projection surfaces, as well as expert assistance with installation and setup.

Hungary

J&C Joel provided bespoke front of house drape for the Budapest Opera House, enhancing the stage production and creating a captivating visual experience for the audience.

Budapest Opera House

Our advanced rotary cutting technologies allowed us to incorporate intricate designs and patterns, demonstrating our expertise in stage engineering.

Qatar

Katara Towers Raffles Hotel

J&C Joel provided bespoke drapery and show automation solutions for the Katara Towers Raffles Hotel project.

The team designed custom fixed & moving drapery that matched the hotel's aesthetic coupled with a synchronized show automation system to create a stunning reveal for guests. The collaboration was a great success, demonstrating how customized solutions can enhance a luxury hotel experience.

Qatar

J&C Joel used bespoke drapery and advanced laser and rotary cutting technologies to create custom drapery for Forever Valentino's exhibition.

Forever Valentino

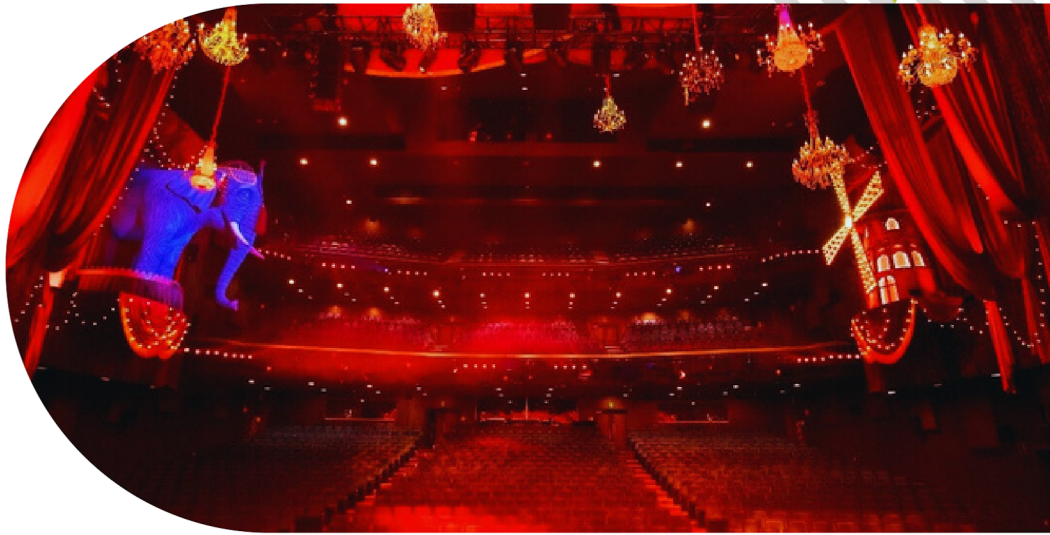

Our precision cutting allowed for intricate hanging brackets to be incorporated, providing a stunning visual display that perfectly captured the luxury and elegance of the brand.

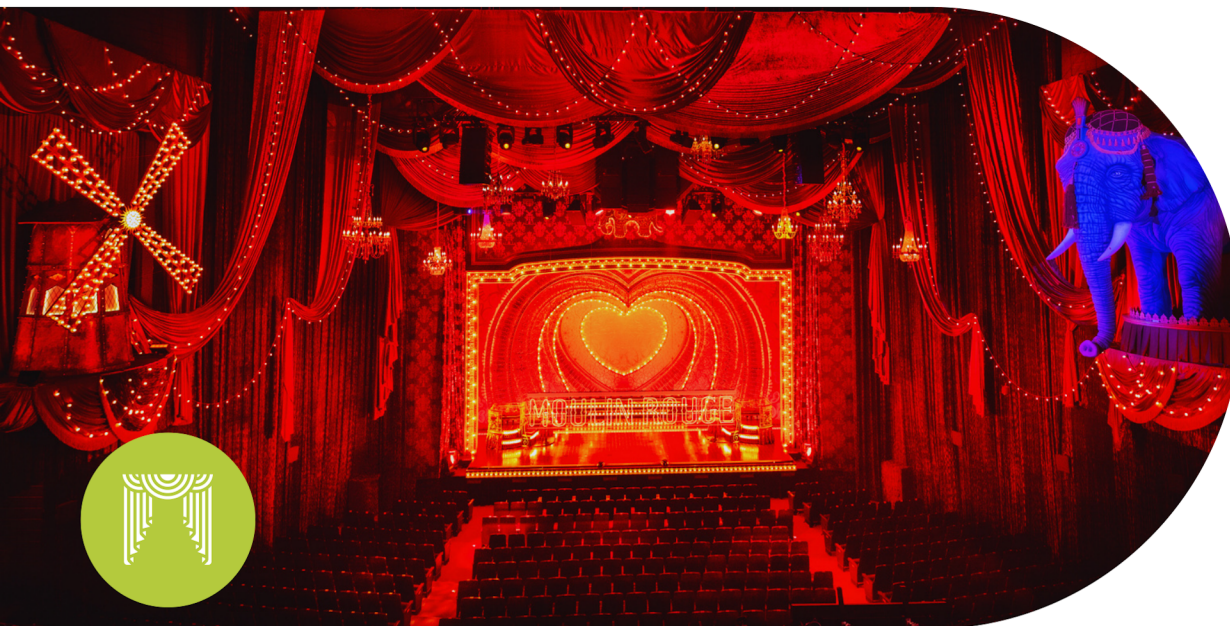

South Korea

Moulin Rouge

J&C Joel provided bespoke drapery solutions for the Moulin Rouge, creating custom drapery that enhanced the cabaret's stage production.

Our expert team designed and manufactured swags that perfectly complemented the Moulin Rouge's glamorous aesthetic, providing a stunning visual backdrop for performances.

Norway

J&C Joel provided bespoke drapery and projection solutions for the Melting Ceiling project, creating an immersive experience for the audience.

Melting Ceiling Oslo

The custom-designed drapes and integrated projection solutions resulted in a unique and unforgettable performance.

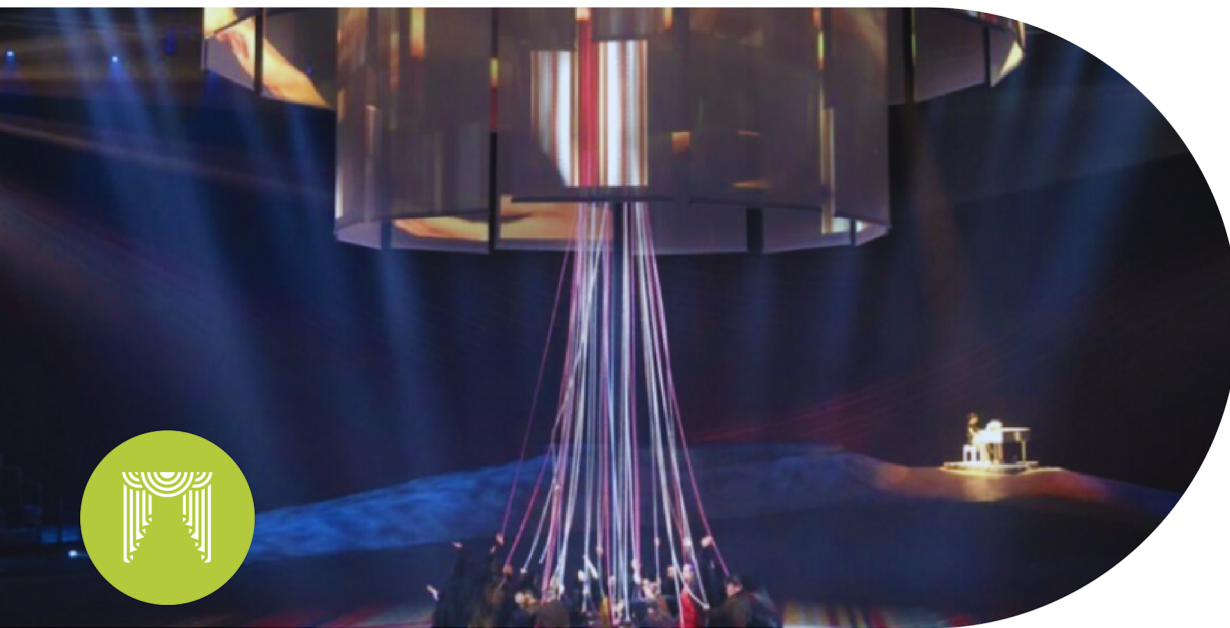

Saudi Arabia
